SunSense provides protection – even for high-risk groups

- ☀ Helps prevent sunburn, pigmentation, premature ageing, wrinkles and skin cancers²
- ☀ Provides protection for people with allergies and photosensitivity
- ☀ Cares for children's delicate skin

Highest factor protection available for all ages and skin types

- ☀ Formulated using high-quality ingredients
- ☀ Dermatologically tested
- ☀ Broad spectrum, to help protect against UVA and UVB radiation
- ☀ Formulated with a variety of chemical UV absorbers and a physical blocker to provide high levels of sun protection
- ☀ The highest SPF available³ in Australia
- ☀ Free from paraaminobenzoic acid derivatives and Lanolin
- ☀ MI free (Methylisothiazolinone), yet still offers a shelf life of 3–5 years

SunSense Ultra can be prescribed by your GP or dermatologist, if you are undergoing treatment for a skin condition or have a history of skin-related problems.

A range of SunSense products can be purchased from your local pharmacy, John Lewis, Waitrose, Ocado, Paydens Pharmacy or can also be ordered from the Crawford Healthcare online shop at www.crawfordhealthcare.com/shop
